PROGRAMS

CAMP ANOKIJIG OFFERS MULTIPLE CLASSES AND RECREATIONAL ACTIVITIES TO FILL YOUR GROUP'S SCHEDULE.

ARCHERY

Learn how to safely shoot recurve bows on Anokijig's archery range. This class is suited for everyone including beginners!

Compound Bows & English Long Bows also available for students 12 and up.

ARTS & CRAFTS

Dive into creativity with a session of Arts & Crafts, where you can choose from a variety of projects to suit your interests. With the option of having our staff lead the session or your own, we'll work with you to select and schedule the perfect crafts for a fun and imaginative experience.

BLOWING IN THE WIND

Students will learn about wind power and its potential while also trying their hand at building their own wind turbine blades. They'll measure wind speeds, experiment with different blade designs, and try to produce the most voltage.

BUZZWORTHY

This engaging class introduces students to the complex and unique world of honeybees. At our onsite apiary, students will watch as our instructor takes the hive apart and presents an up close view of a honeybee's home and workplace.

PROGRAMS

CAMP ANOKIJIG OFFERS MULTIPLE CLASSES AND RECREATIONAL ACTIVITIES TO FILL YOUR GROUP'S SCHEDULE.

GUIDED CANOEING

Join our guided canoeing class to explore the beauty of our lake, with the option of having our experienced staff lead the session or your own staff. This hands-on experience is perfect for learning paddling techniques and enjoying a scenic adventure on the water.

CATCHIN' RAYS

As they design and build their own solar water heater, students will learn how solar energy works and how to prevent heat and energy loss in their system. This hands-on examination of one of the most popular alternative energies can be done outside or indoors using our high-power lights.

FISHING

Students can enjoy trying their luck at catching fish, with the option of being led by our staff or your own. This relaxing and rewarding activity is perfect for all skill levels and offers a peaceful way to enjoy the camp's waterfront.

FUR, FIN, & FEATHER

Investigate the unique changes that both plants and animals have adopted over time to ensure their survival. Through hands-on activities, students will be able to identify and describe adaptations and understand their importance.

PROGRAMS

CAMP ANOKIJIG OFFERS MULTIPLE CLASSES AND RECREATIONAL ACTIVITIES TO FILL YOUR GROUP'S SCHEDULE.

GPS BASICS

Discover the fundamentals of GPS technology and embark on a geocache challenge. This hands-on class combines essential knowledge with practical application, making it a fun and informative intro to GPS technology.

HIKING TRAILS

Explore the beautiful hiking trails around camp, available for self-guided or instructor-led adventures. Whether as a scheduled class or during free time, these trails offer a chance to connect with nature and discover the scenic wonders of our camp.

HORSEBACK RIDING

Enjoy a scenic trail ride around camp, available for small groups with an **additional fee**, offering a unique way to experience the natural beauty of the area.

*Not available at all times.

LOW ROPES COURSE

Students will participate in activities that utilize the skills of cooperation, teamwork, communication, trust, decision-making, creative problem solving, and risk-taking within a safe environment.

PROGRAMS

CAMP ANOKIJIG OFFERS MULTIPLE CLASSES AND RECREATIONAL ACTIVITIES TO FILL YOUR GROUP'S SCHEDULE.

MINI GOLF

Enjoy a round of mini golf on our charming 9-hole course, nestled among the trees. Whether as a fun class activity or during free time, it's the perfect way to relax and have some friendly competition.

OPEN BOATING

Have an open recreation time for your students on our waterfront. Students have their choice of canoes, kayaks, rowboats, and paddle boats. Other activities in our waterfront area include ping pong, tether ball, basketball, gaga, nine square, and plenty of spots to sit & relax.

OUTDOOR ARCHITECTS

In this class, students learn the essential survival skill of shelter building by exploring common mistakes through a hypothetical scenario and then creatively constructing shelters using rope, tarp, and natural materials.

RIFLERY

Participants use pellet guns, BB guns, and/or slingshots to practice safety and accuracy in a fun, controlled environment. Whether you're a beginner or experienced shooter, this class offers a great opportunity to improve your skills.

PROGRAMS

CAMP ANOKIJIG OFFERS MULTIPLE CLASSES AND RECREATIONAL ACTIVITIES TO FILL YOUR GROUP'S SCHEDULE.

ROCK AND ICE

The history of the Ice Age is written in the landscape of Wisconsin. During this hike, your group will perform experiments that demonstrate how kames, kettles, eskers and moraines were formed.

SERVICE PROJECTS

Groups looking to make a positive impact can participate in service projects around camp, helping to maintain and enhance our beautiful environment. This hands-on experience fosters teamwork and a sense of accomplishment while giving back to the camp community.

TEAM BUILDING INITIATIVES

In this class, students will engage in activities that foster cooperation, communication, and creative problem-solving. From a large selection of initiatives, we have an activity for every group.

TIE-DYE

Create your own vibrant designs on apparel you bring or purchase a shirt for an **additional cost**. This fun, hands-on activity includes a small fee and lets your creativity shine with different dyeing techniques.

PROGRAMS

CAMP ANOKIJIG OFFERS MULTIPLE CLASSES AND RECREATIONAL ACTIVITIES TO FILL YOUR GROUP'S SCHEDULE.

TRADING POST

We can open our camp store for your students for snacks, souvenirs, and/or apparel. If desired, we can put limits on what items you would like your students to be able to purchase based on your group wants and needs. **We can do cash, check, or credit card transactions in the trading post.**

VOYAGEUR CANOES

Test your team strength by paddling our 20 person Voyageur Canoes around Little Elkhart Lake. Learn the basic canoeing strokes needed to navigate the water and work together as a team to steer the Voyageur Canoe around the lake.

WET 'N WILD

Through water quality testing and close observation of many aquatic organisms, students will understand the important relationship between the diversity of life and healthy habitats.

XTREME LIVING

In this class students get to challenge their wits in a survival scenario, pack the essential items in a survival kit, and learn how to build a fire using a variety of techniques.

UPCOMING

CAMP ANOKIJIG OFFERS MULTIPLE CLASSES AND RECREATIONAL ACTIVITIES TO FILL YOUR GROUP'S SCHEDULE.

COSMIC QUEST *NEW 2025*

Explore the wonders of the night sky where students gain hands-on experience and insight through engaging demonstrations and activities. Discover celestial phenomena and learn to navigate the stars in this immersive experience.

THE NIGHT SHIFT *NEW 2025*

Join us for an exploration of nocturnal wildlife, focusing on the unique adaptations of owls, bats, and frogs. This class combines field observations with interactive lessons to understand how these animals thrive in the night.

WATER WISE *NEW 2025*

Students will explore the vital role water plays in our environment and daily lives. While learning about water pollution, its impact on ecosystems, and the importance of sustainable water usage, students will be empowered to become stewards of this essential resource.
